

Accelerate

Transforming wound
and lymphoedema care

Learning with **Accelerate Academy**

Pressure ulcer care in nursing homes

**Education programme in partnership with
Tower Hamlets**

About your course

At Accelerate, education matters to us – a lot. It is an important part of our work. It provides a baseline for transformation in local services, healing rates and patient experience.

The effective management of pressure ulcers requires specialist skills, knowledge and understanding. We firmly believe in the importance of education and the sharing of expertise and experience.

This course is suitable for registered nurses, health care assistants and carers.

Pressure ulcers - react to red - virtual on-line training

Introduction to assessment and management of patients with, or at risk of developing pressure ulcers

- Identifying patient at risk of pressure ulcers
- Pressure ulcer assessment
- Pressure ulcer management SSKIN

How the course is run

The training will be held using our virtual learning environment (VLE) with pre and post learning quizzes, presentations (pre-recorded and live) and Q & A sessions.

You will need to have access to a laptop, tablet or computer with video and sound capability so you can access the VLE effectively. You will also need peace and quiet!

Our VLE is FREE and simple to use - you will need to have your account set up and tested in advance of the training day to ensure there are no connectivity issues.

It's a good idea to have a trial meeting with a friend or colleague to make sure your audio and video are working properly.

We will be using the chat, break out and polling features of the VLE during the course to make the session interactive and we would ask you to participate as if in a face to face situation.

Dates and times

Virtual on-line training, choose your date

22 nd September, 2021	1400 - 1600
2 nd December, 2021	1400 - 1600
10 th March, 2022	1400 - 1600
