

Accelerate

Transforming wound
and lymphoedema care

Learning with **Accelerate Academy**

Wound assessment and management

**Education programme in partnership with
Tower Hamlets**

About your course

At Accelerate, education matters to us – a lot. It is an important part of our work. It provides a baseline for transformation in local services, healing rates and patient experience.

The effective management of complex chronic wounds requires specialist skills, knowledge and understanding. We firmly believe in the importance of education and the sharing of expertise and experience.

This course is suitable for practitioners who care for people who are either at risk of or who currently have a wound/s.

Assessment and management of wounds of differing aetiologies

- Structure of the skin
- How do wounds heal
- TIMES framework for assessment
- How different dressings work
- Management of wounds of differing aetiologies
- Topical Negative Pressure

How the course is run

The training will be held using our virtual learning environment (VLE) with pre and post learning quizzes, presentations (pre-recorded and live) and Q & A sessions.

You will need to have access to a laptop, tablet or computer with video and sound capability so you can access the VLE effectively. You will also need peace and quiet!

Our VLE is FREE and simple to use - you will need to have your account set up and tested in advance of the training day to ensure there are no connectivity issues.

It's a good idea to have a trial meeting with a friend or colleague to make sure your audio and video are working properly.

We will be using the chat, break out and polling features of the VLE during the course to make the session interactive and we would ask you to participate as if in a face to face situation.

Dates and times

Virtual on-line training, choose your date

15 th June, 2021	1330 - 1600
5 th October, 2021	1330 - 1600
20 th January, 2022	1330 - 1600
