About your Masterclass

At Accelerate, education matters to us – a lot. It is an important part of our work. It enables transformations in local services and improvements in the quality of life of clinicians and overall contributes directly to a positive patient experience..

In this live virtual Masterclass Dr Bernard Ho, Dermatology and Lymphoedema Consultant at Accelerate, Rebecca Elwell, Accelerate's Director of National Clinical Services, Lymphoedema ANP and a member of the International Lipoedema Association and Rhodri Harris, Accelerate Lymphoedema Lead and Clinical Advisor to Lipoedema UK will draw upon their combined experience.

It will enable informed discussion within the multidisciplinary team and assist in recognising when onward referral is required.

The Masterclass is suitable for ANY clinician who manages patients with lower limb conditions and wishes to expand their skills and knowledge.

Learning outcomes

- Explore the anatomy and physiology of lipoedema a patient with unusual aetiologies
- The evidence base surrounding diagnosis
- Management of lipoedema through accurate assessment
- Making accurate and targeted treatment decisions
- Choice of compression solutions
- When onward referral is required

Dates and times

09:30 - 15:30 [See website for dates](#)

How the course is run

Our virtual sessions are held using the MS Teams virtual learning environment (VLE) with informative webinars, discussion and Q & A. We have an Academy Moderator who can support you in digitally preparing for the course should you need assistance.

You will need to have access to a laptop, tablet or computer with video and sound capability so you can access the VLE effectively. You will also need peace and quiet.

We use the chat, break out and polling features during the virtual course to make the sessions interactive and we would ask you to participate as if in a face to face situation.

Course fee

£99 + VAT (£118.80)
